

MRS. ROOSEVELT EXTENDS U. S. BANKING HOLIDAY AFTER SIGNING MEASURE PASSED IN RECORD TIME

BANKS ANNOUNCE EMERGENCY NEED PAYABLE IN CASH

Action by Clearing House Officials at Meeting Here Taken to Relieve Conditions After New Roosevelt Order.

GOVERNOR EXTENDS HOLIDAY IN STATE

Talmadge Announces Institutions May or May Not Remain Closed Through Monday.

Abandoning their plans for the issuance of scrip, Atlanta banks early Friday morning announced that they would today permit withdrawals of currency to meet pay rolls and to finance food dealers purchasing foodstuffs for immediate delivery.

This action was taken by the three leading financial institutions through the Atlanta Clearing House Association in accordance with the Thursday night proclamation of President Roosevelt and despite another proclamation by Governor Eugene Talmadge which declared the bank holiday for Georgia in effect until next Tuesday morning.

The Clearing House Association is composed of the First National bank, the Citizens & Southern National and the Fulton National.

The action was taken at a meeting of the clearing house directors after they had conferred with Governor Eugene R. Black, of the Federal Reserve bank, and had received the president's proclamation and the regulations of Secretary of the Treasury William H. Woodin.

Immediately after the clearing house acted, officials of the federal reserve bank notified member banks of the president's action and prepared to ship currency to these institutions so that all may have it by Monday morning.

Employers may obtain funds to meet their pay rolls today by furnishing their banks with a certificate of purpose. The same certificate will be required of those desiring to purchase foodstuffs but the funds for food will be given only if the merchandise is for immediate delivery.

The Talmadge proclamation was issued several hours before President Roosevelt decided to prolong the modified national holiday, it being issued at the request of the country bankers after a long session with the chief executive.

The governor said his holiday order was issued for the benefit of those banks which can under the president's orders, and desire to make use of it, adding that it was not an enforced closing.

The proclamation of the governor follows:

"The proclamation heretofore granting an extension of the holiday for banks in the state of Georgia is extended through Monday, March 13, 1933, and until business hours of Tuesday, March 14, 1933."

The governor explained that the holiday was renewed at the request of the Georgia Country Bankers Association and not at the request of city institutions.

"The country bankers have not had time to get their shops in readiness, and many of them cannot open until after Monday," the chief executive said. "Therefore, I am extending the holiday to suit the needs of the various institutions."

Beard Called Last Resort Of Harassed Menfolk

PHILADELPHIA, March 9.—(AP)—Visions of men growing beards to preserve their masculinity and the white race eventually becoming one of absolute Albinos are seen by Dr. Ivor Griffith, professor of pharmacy.

"Since women are affecting the wrinkled forehead and the streamlining trousers, the only monopolistic symbol of masculinity left for mere man to display will be a bigger and better beard," Dr. Griffith told the Philadelphia College of Pharmacy and Science last night.

He said the "evolutionary process that preceded the white race eventually will so depigment man as to result in a race of absolute Albinos."

BILL REORGANIZING STATE ROAD BOARD PASSED BY HOUSE

Plan Calls for Ten Members; Senate Votes To Allocate Schools Part of License Tag Funds.

Re-organization of the state highway department by increasing the governing commission from three to ten members, to be elected one for each congressional district was approved Thursday by the house of representatives. The vote was 117 to 62.

The bill was a substitute for one drawn by supporters of Governor Eugene Talmadge, the original measure having provided for a board of seven members to be appointed by the governor.

Meanwhile, the senate was approving a bill which would allocate to the common schools 60 per cent of all over \$1,000,000 received from the sale of automobile license tags and defeating the proposed moratorium on farm and home mortgage foreclosures.

The substitute highway re-organization proposal was sponsored by Speaker E. D. Rivers and Representatives J. Wesley Culpepper, of Fayette county, and Paul Lindsay of DeKalb county. Lindsey had opposed the original measure. Speaker Rivers said he had the substitute drafted while debate was being heard on the original bill because he felt the original had little or no chance for passage.

Representatives Jones, of Burke county, and Vaughn, of Rockdale county, led the opposition to the measure.

Provisions of Measure.

The substitute measure provides that the 10 commissioners shall be elected in September of this year and those in the first, third, fifth and ninth districts shall be elected for two years and the remainder for four years. Five commissioners are to be elected for four-year terms at each succeeding general election.

The bill also provides that the board shall elect a chairman from its membership, his salary to be \$5,000 a year. The remaining board members will receive a per diem of \$10 and actual traveling expenses to and from board meetings.

Sponsors of the measure said they felt it had more than an even chance of passing the senate.

Another highway department measure was introduced in the house Thursday afternoon. It provided for an increase of 1 cent in the present 6-cent state gasoline tax. Under the provisions of the bill, which is sponsored by Representative Johnson, of Seminole county and others, the extra one cent would be allocated to the

NORRIS SPONSORS ROOSEVELT'S PLAN ON DIXIE VALLEY

Nebraska Senator Introduces Bill Providing for Ambitious Tennessee River Development.

By JAMES W. DOUTHAT.

WASHINGTON, March 9.—(AP)—Legislation to hasten the realization of President Roosevelt's dream of converting the car-fung Tennessee valley into a giant industrial workshop was introduced today in the senate.

It came from the veteran republican independent—Norris, of Nebraska—who attached it as a rider to his long-pending and twice-vetted measure for government operation of Muscle Shoals.

Norris told newspapermen the resolution had not been offered by him at the request of Roosevelt but that he thought it conformed to the chief executive's ideas. He expressed hope that it would be approved at the special session to be held three weeks or so hence.

President Roosevelt spent the afternoon with the heads of the war, agriculture and interior departments on discussing the question of reorganization with an apparent view to setting up machinery for his Tennessee valley program.

In addition to providing for manufacture and sale of power and fertilizer at Muscle Shoals and for construction of the Cove Creek dam in Tennessee, the Norris measure would authorize Mr. Roosevelt to launch an immediate survey of the Tennessee valley which stretches across and into several southern states.

The survey would include reforestation of land, the proper use of marginal areas, the location of dams for flood control and to improve navigability, generation of electricity and other sections if it works well, was outlined to newspapermen in the sitting room of his house at Warm Springs, Ga., several weeks ago.

Roosevelt at the time estimated that it would provide employment for 200,000 persons and would contribute measurably toward the return of good times.

A \$10,000,000 appropriation would be authorized for the Muscle Shoals and Cove Creek dam construction work, with the latter receiving \$2,000,000. The Muscle Shoals plant would be modernized.

Power not used at the plant would be sold, with preference being given to state, counties, municipalities or "co-operative organizations of citizens and farmers not organized or doing business for profit but primarily for the purpose of supplying electricity."

Thousands Attend Funeral of Walsh

HELENA, Mont., March 9.—(AP)—In a little valley emerging from the historic Last Chance gulch and stretching before white-topped mountains, United States Senator Thomas J. Walsh was buried today.

Thousands who had followed his climb from the humble beginning as a young lawyer of outstanding rank in the bar of the nation and through a score of years as senator paid homage to his memory in St. Helena cathedral and about the state's capital today.

The body arrived here by train early this morning from the national capital. It was taken to the capital to lie in state and then removed to the cathedral for solemn requiem mass.

President Demands Half Billion Slash

Roosevelt Presents Legislators Bill Cutting Veterans and Salaries All U. S. Employees; Expect New Message Today.

WASHINGTON, March 10.—(AP)—President Roosevelt presented to congressional leaders last night a bill calling for \$500,000,000 cuts in federal expenditures.

The reduction will be made largely in veterans' appropriations and in salaries.

Another special message to congress was expected today.

Senator Robinson, of Arkansas, the democratic leader, made the following announcement after a three-hour conference at the White House:

"It is expected that the president will send to congress today a message having relation to the budget and looking to important and substantial reductions in expenditures for pensions, veterans' compensation, disability allowances and emergency officers' retired pay."

Coupled with it there is likely to be a plan for salary reductions, the total amount on both accounts being in the neighborhood of \$500,000,000.

The president has asked that congress give him the authority to make the reductions and that is the plan.

One member of the conference said the Roosevelt program also will embrace a proposed \$500,000,000 bond issue to create a forestry corps to put in motion a reforestation program looking to the employment of 500,000 persons of all ages.

The administrative officers of this corps would be drawn from the departments of labor, agriculture, war and interior.

This proposal, it is understood, will be proposed at a later date and details have yet to be worked out.

Senator Robinson said if he could get it ready he would introduce today the bill proposing sweeping authority for the president to effect economies.

Representative Snell, republican floor leader, said:

"There will be no recess" when asked if the president intended to wait until an interval had expired before sending up his proposal for a bond issue.

McDuffie, democrat, of Alabama, said the plan was not to cut wages of any government employee more than 15 per cent with the exact amount to be left to the discretion of the president.

Salaries generally were cut 8-13 per cent under the economy bill last year.

President Roosevelt made no announcement on the matter, but it was said in his behalf that further emergency measures were considered tonight with the congressional leaders and that the felt splendid progress had been made.

The congressional chieftains made it clear, however, that the legislation would have to be referred to committees and that it would be unlikely that such swift action could be obtained as was given on the banking bill.

It is likely the message on the bond issue will be sent to congress on Saturday.

Snell emphasized that there was "no agreement" on the matter.

"These bills will go to committees and be considered in the usual way," Snell said. "There will be no more of this rushing them through like we had on the banking bill today."

Gives Real Power.

McDuffie said that he understood that the plan which might be made would be on the basis of 1923 commodity prices. In other words, prices prevailing then would set a standard for comparison.

Among the items expected to yield savings where veterans are concerned are non-service connected, disability compensation; emergency officers' disability and various phases of hospitalization.

The suggestion has been made that the government be given power to remove the presumption that many now receiving the compensation were sound at the time of their enlistment.

A proposal also has been made for a 10 per cent reduction in the compensation generally on the theory that the amounts paid now are proportionately higher than was contemplated when the law was passed because of the drop in commodity prices.

Snell said the proposal to give the president the broad powers toward budget cuts went further than that suggested by Speaker Garner at the last session. Garner, now vice president, advocated that Mr. Roosevelt be given power to slash veterans' compensation but Snell said "this goes much further."

WOODIN EXPECTS TO REOPEN BANKS EARLY SATURDAY

Explains Holiday Extension Is Due to Necessity for Time To Examine Sound Banks.

WASHINGTON, March 10.—(Friday.)—(AP)—Secretary of the Treasury Woodin, in a statement early today said it would be the policy of the treasury to open sound banks of the country as rapidly as possible, and invited them to make application for reopening.

The secretary said the treasury already has taken steps to secure information as to the condition of the various banks of the country but that it was found the completion of assembling the information and of arrangements for the banks to resume their functions would take some time. It was therefore decided, he said, not to authorize any reopenings before Saturday, March 11.

He said regulations governing reopenings and other subjects governed by the emergency banking legislation would be published immediately.

The statement of the secretary issued early this morning said:

"The emergency banking legislation passed by the congress today (Thursday) is a most constructive step toward the solution of the financial and banking difficulties which have confronted the country. The extraordinary rapidity with which this legislation was enacted by the congress has been a source of gratification to all who are concerned with the reopening of banks upon a sound basis backed by an adequate supply of currency. Through this law the banks which will be placed in a position to meet all demands. This assurance should restore confidence and create the foundation for a forward movement in business activities."

"It will be the policy of the treasury to permit as rapidly as possible the opening of sound banks. The banks which will be placed in a position to meet all demands. This assurance should restore confidence and create the foundation for a forward movement in business activities."

"The New York Federal Reserve bank reported the precious metal was pouring in at the rate of \$500,000 per hour."

Philadelphia, Minneapolis, and Cleveland were among other cities reporting its return.

Financial institutions in many states already were handing out scrip, this practice being general over the south.

Several insurance companies announced they were paying all claims, but were loaning only for payment of premiums.

Most foreign markets were firm. A bill providing for a 2 per cent retail sales tax on all commodities was introduced in the New York legislature.

Officials said the Chicago Board of Trade probably would reopen Monday.

The stock exchange also kept its forces on hand, and was ready to resume operations under whatever restrictions may be considered necessary on short notice.

Banking houses with foreign connections said their reports indicated clearly that confidence in the dollar was returning.

Less strength was noted in spot cotton prices, as excitement over inflation seemed to have subsided, although it was not a general rule.

Solons Delay Action In Louderback Trial

WASHINGTON, March 9.—(AP)—Senators were ready to try Federal Judge Harold Louderback, of California, on impeachment charges today, but inability of the house to prosecute the case at the time brought a postponement until Monday.

After senators were sworn in to act as jurors and Vice President Garner took the special oath required for the senate to sit as a court, Senator Norris, republican, of Nebraska, in charge, was informed the house could not proceed.

What the Bank Bill Does

WASHINGTON, March 9.—(UP)—The emergency banking bill passed today by the 73rd congress does the following things to the nation's financial structure:

1—Expands almost without limit, if needed, federal reserve bank notes backed by sound collateral.

2—Confers virtually absolute power on the president to deal with the banking situation.

3—Confers powers to force hoarders to give up gold.

4—Continues the gold embargo.

5—Legalizes everything the president has done during the crisis.

6—Empowers him to issue any banking regulations he deems necessary.

7—Declares the existence of an emergency, the effect of which is to give war-time powers to the president throughout the emergency.

8—Creates federal "conservators" who will act as bank receivers in untangling affairs of weak banks.

9—Empowers the president to set up a licensing system for banks.

10—Authorizes immediate distribution of releasable assets of closed banks to depositors.

11—Provides for Reconstruction Finance Corporation aid in financing reorganization of banks.

Scientist Completes Light Speed Tests

SANTA ANA, Cal., March 9.—(P)—Measurements of the speed of light have been completed at the mile-long vacuum tube on the Irvine ranch near here.

"We have collected a great mass of figures," Dr. Francis G. Pease, in charge of the experiment, said today. "We found variations which we must account for. It probably will be six months before we are ready to announce our findings."

He said the tube would be dismantled.

HOARDERS OF GOLD RETURN MILLIONS TO NATION'S BANKS

Yellow Metal Pouring Into New York Reserve at Rate of \$50,000 Per Hour.

By the Associated Press.

Indefinite extension of the national banking moratorium to permit arrangements for reopening of 4,000 or more sound banks was ordered Thursday night after President Roosevelt's emergency program was hurriedly enacted into law.

The motive was to give Treasury Secretary Woodin full time to administer the new law permitting reopening of liquid banks immediately, and permit more banks to come into the Federal Reserve system.

There were indications the holiday would be lifted in time for business Monday. The original proclamation by the president expired at midnight.

Secretary Woodin said there was no objection to issuance of clearing house certificates or scrip, secured by bank assets, in local communities.

Former President Hoover, in New York, declared "there is just one thing to do; that is to support the president's proposal."

Their confidence restored by the prospect that President Roosevelt's emergency legislation would be passed speedily by the special session of congress, hoarders of gold returned millions to the nation's banks today.

The New York Federal Reserve bank reported the precious metal was pouring in at the rate of \$500,000 per hour.

Philadelphia, Minneapolis, and Cleveland were among other cities reporting its return.

Financial institutions in many states already were handing out scrip, this practice being general over the south.

BERLIN INDIGNITIES PROTESTED BY U.S.

German Government Expresses Regret Over Attacks on Americans.

WASHINGTON, March 9.—(AP)—The state department disclosed today that protests have been made to the German government through Ambassador Sackett against reported indignities and violence involving American citizens.

In reply the German government expressed its keen regret and gave assurances that every measure would be taken to prevent similar occurrences.

The cases were understood to have arisen from disorders in connection with the recent election in which the national socialist or nazi party, headed by Adolf Hitler, was given commanding power.

Four incidents were reported involving American citizens. The individuals named were Henry H. Sattler, Edwin F. Dakin, Nathaniel S. Wolff and Max Schnusler. Their places of origin or residence in the United States were not given in the dispatch from the Berlin embassy and were not immediately available at the state department.

Two distinct protests were made and after the second the German foreign office said the matter had been called to the personal attention of the chancellor and each member of his cabinet.

HITLER TAKES CONTROL OF BAVARIAN CAPITAL.

BERLIN, March 9.—(AP)—Bavaria, the last anti-nazi stronghold in Germany, capitulated today, giving the national socialist of Chancellor Adolf Hitler control of all German states.

General Franz Von Epp, prominent in nazi circles, flew from Berlin this afternoon after appointment as federal commissioner for the state and immediately assumed office.

At once the Bavarian government, headed by Premier Held, resigned, and the diet was summoned to meet Saturday for the election of a new state government.

The anti-Semitic campaign appeared to be growing today, spreading to Berlin, Kassel and other cities. All the Jewish merchants in Augsburg, as well as a number of socialist and communist leaders, were arrested by nazi storm troops.

The campaign against the communist party also was continued. Further indication that the nazis do not intend to permit communists to take their seats in the reichstag was given today. Wilhelm Goering, minister without portfolio, invited all party members except the communists to meet next week for a discussion of reichstag matters and to adopt an agenda.

Share of Ransom Yielded by Suspect

ABERDEEN, S. D., March 9.—(AP) The Daily News said today it had learned a roll of bills taken from Frank Sankey, of Clark, S. D., brother of the hunter Verne Sankey, was part of the \$80,000 paid for the release of Charles Boettcher II, kidnapped Denver broker.

The newspaper noted Detective Captain W. J. Armstrong, of Denver, as saying that Frank Sankey, whom he questioned at Clark, S. D., last night, admitted the money was part of the ransom paid March 1 to gain freedom for Boettcher, who had been held almost 17 days.

Frank Sankey was not held. Investigators said they had determined that Verne, sought as leader of the kidnapers, and Gordon Elkhorn, believed to be fleeing with him, bought railway tickets to Minneapolis for an unannounced destination and telephoned some point regarding bus connections.

Elkhorn also is wanted for the kidnapping.

MONTGOMERY, Ala., March 9.—(AP)—With an unexpected show of strength advocates of early action on the proposal to repeal the 18th amendment today passed the Mullins convention bill through the senate, 22 to 7, after amending it to provide for a statewide referendum.

Under the bill as amended and amended by the author, Senator Sanford Mullins, of Tallapoosa, the ballots to elect 151 delegates will carry the referendum on which voters can register either for or against repeal in an election August 1. The convention would meet on August 22. The house put it on the calendar for Tuesday morning.

JEFFERSON CITY, March 9.—(AP)—Missouri today completed legislative action to legalize 3.2 per cent beer. By a vote of 110 to 11, the house concurred in a senate amendment attaching an emergency clause to the measure. It goes to Governor Guy B. Park.

Students' Fund Cut.

BUFFALO, N. Y., March 9.—(AP)—Ellis Milo Treat, wealthy oil and gas operator who died here recently, created in his will a \$1,000,000 foundation to aid needy college students. However, because of depreciation of his estate, Attorney Carlton E. Laird, said, the bequests would be materially reduced.

Not Exceedingly Big But Mighty Precious

NEW YORK, March 9.—(AP)—Imagine a cube 32 feet 4 inches in each direction.

Into such a space all the gold bullion and gold coins in the world could be placed, if the mathematics of a group of New York University professors is correct.

Here are a few more of the estimates they gave out today:

A cube 20 feet 3 inches on each side would contain all the gold hoarded in India and the Orient.

Another cube 20 feet 3 inches on each side could contain all the gold

in spectacle frames, gold teeth and jewelry.

A cube 28 feet 5 inches on each side would be big enough to contain all the mineable gold known to be in the world's mines.

But it would take a cube 720 feet long, wide and high to contain the gold believed to be contained in the water of the seven seas.

Most of Film Stars Agree to Half Salary

HOLLYWOOD, March 9.—(AP)—Motion picture producers announced tonight that "97 per cent" of the contract film stars had agreed to accept a reduction of half their pay checks for an eight-week period.

The announcement came from a group headed by Louis B. Mayer, production chief of Metro-Goldwyn-Mayer studios, and brought the industry half-way toward accomplishment of the emergency action, which, leaders have said, must be taken to keep the studios open.

The proposals, calling for salary cuts between 25 and 50 per cent over a period of eight weeks, must be accepted by the trade unions to make the program successful.

Several union agencies, in a joint meeting during the day, expressed opposition to the pay reduction plan in a resolution.

Alabama Senate Votes For Repeal Convention

MONTGOMERY, Ala., March 9.—(AP)—The Alabama senate today by a vote of 22 to 7, passed the Mullins bill, providing for a state convention to vote on the proposed repeal of the eighteenth amendment, after writing into the measure provisions which virtually provide for an outright referendum.

NUMEROUS BEER BILLS INTRODUCED IN HOUSE

Collier Measure Basis of Several Proposals Before New Congress.

WASHINGTON, March 9.—(AP)—Beer figured prominently among the hundreds of bills introduced today at the first meeting of the house.

No exact tabulation of the number of beer bills could be obtained, but at least two prominent democrats sponsored measures similar to the Collier beer bill passed by the house last session only to die in the senate.

Assistant Democratic Leader Cullen proposed a bill identical to the Collier plan to legalize beer of 3.2 per cent alcohol by weight and tax it at \$5 a barrel.

His New York colleague, O'Connor, introduced three bills. One was the Collier bill with the tax changed from \$5 to \$6. It would define 3.2 per cent beer as "not intoxicating in fact" and remove the requirement that manufacturers must obtain licenses from the prohibition enforcement bureau, having them issued instead by the internal revenue commissioner.

A second was a 3.05 per cent beer bill similar to that approved by the senate judiciary committee. Instead of legalizing the brew the senate plan would simply strike out the enforcement provisions against the beer.

Then O'Connor also reintroduced the O'Connor-Hull bill to legalize 2.75 per cent beer. This measure had the combined support of the democratic and republican wet blocs in the first session of the seventy-first congress.

Roosevelt Approves First Special Stamp

WASHINGTON, March 9.—(AP)—President Roosevelt tonight approved the first stamp to be issued under the administration of Postmaster General Farley.

The three-cent stamp bears a picture of George Washington's headquarters at Newburgh, N. Y.

The stamp is in commemoration of the 150th anniversary of the declaration of peace. Postmaster General Farley and Joseph C. O'Mahoney, first assistant postmaster general, visited the president tonight at the White House.

Life Insurance Loans Curtailed in N. Y.

NEW YORK, March 9.—(AP)—Regulations suspending the loan and surrender values of life insurance policies in New York state, with exceptions "in cases of extreme need," to the extent of \$100 or less were issued today by George S. Van Schaick, state superintendent of insurance.

The regulations apply to all companies doing business in this state. They take effect immediately and will continue "until further order."

'SCOTTSBORO' WITNESS LETTER IS RECEIVED

HUNTSVILLE, Ala., March 9.—(AP)—Mrs. Mary Bates, mother of the missing Ruby Bates, one of the principal witnesses in the "Scottsboro" case, today surrendered to Sheriff Ben Giles a letter she had received from Montgomery but declared she had not read it.

The sheriff declined to divulge the contents of the letter, but Mrs. Bates said she recognized her daughter's handwriting and is here to return address to "Mrs. Emma Cook," Mrs. Bates' name before her second marriage.

The girl was one of the alleged victims of an attack aboard a Southern Railway freight train as it rumbled through the mountains of Jackson county on March 25, 1931, and for which nine negroes were arrested and indicted.

The negroes, all of whom face re-arrest, were granted a change of venue Tuesday to Decatur, in Morgan county.

THREE MEALS A DAY KITCHEN TESTED RECIPES by Sally Saver

FREE—TWO GENERAL FOODS COOK BOOKS—FREE FOR THE BEST DESSERT RECIPES

Again this week I am offering two prizes, each a General Foods Cook Book. This cook book is truly a gem for any kitchen. Three hundred and seventy pages filled with delicious and tempting recipes, menus and household hints. Over 600 recipes and here's how you may win one of these cook books.

RULES OF CONTEST

The two prizes will be awarded this week for the best DESSERT recipe. Recipes must be addressed to Sally Saver, care of The Constitution. They must be received before Thursday noon, March 16. That's all—so now send in your recipes. Tell your friends, as this prize is one worth winning. Let's go, "sisters of the skillet!"

Here are the winners of last week's contest for the best salad recipe. I am sure that you will agree with me that these are good, and I hope that each of you will try them. Here they are:

BLACK-EYED SUSAN SALAD. Arrange five halves of canned apricots on a slice of pineapple with rounded sides up. Place a cooked round in the center and serve with fruit dressing.

FRUIT DRESSING. Mix four tablespoons of Wesson oil, two tablespoons of lemon juice, a tablespoon of orange juice, a half teaspoon of salt, three-fourths of a teaspoon of sugar, and a half teaspoon of paprika. Beat until the oil and fruit juices are combined.

MRS. M. G. SHAW. 1501 LYBURN ST., N. E., ATLANTA, GA.

FROZEN CREAM CHEESE SALAD. Five cream cheeses, three green peppers, one and one-half teaspoonsful lemon juice, salt and paprika, and one cupful whipped cream. Chop the green peppers fine; mash the cream cheese fine with a silver fork, adding a little cream or milk to help soften them; season, add the lemon juice, salt and paprika, and mix thoroughly. Put in a mold (the refrigerator tray is the best), freeze for about four hours, and serve in slices on lettuce. Put a spoonful of mayonnaise and whipped cream, mixed, on the side of each plate. Amount will serve about 25 if slices are not too thick.

MISS LARUE KING. CARROLLTON, GA.

Now all of you dessert makers, get your favorite dessert recipes down on paper, and send them in. These cook books are worth a lot to you, and this offer can't last forever, so come on and send your "sweet-tooth" recipes in.

You all want diversification now—days don't you? Well this week I'm giving you some of my very choicest recipes. I hope you like them.

Obligations soon pile high. And they always make us sigh. Let me tell you a grand "scoop." Pay them all in one "fell swoop."

Ever so often most of us have to entertain on a "wholesale basis" in order to pay back the many obligations that somehow seem to pile up so quickly. The easiest and most charming way to do this is to give a buffet supper. In fact, if your group is large and your space is small, it is really the most satisfactory way to entertain.

Consider symmetry when setting your table. You may either stack or spread the napkins. Place all silver on the table. A very attractive way of doing this is to place your forks in a diagonal line on one side of the table and balance the other side by doing the same thing with your spoons or knives. Remember to place a serving spoon, or fork, for each dish. Also don't forget that your guests pass around the table one by one, as they help themselves to food, so be sure to allow ample passage between the table and the wall. A very satisfactory idea is to recruit three or four men and let each one serve a different dish. Coffee, or fruit punch, may be served from the buffet. Unless the weather is extremely warm, I suggest that you serve coffee because many a meal has been saved by a cup of good coffee. Be sure to use a good grade, as it is foolish to try to economize with coffee of poor quality. You save so little in the long run and the difference is so apparent.

Entertaining 10, or more, people sounds very expensive, doesn't it? Oddly enough, however, it is really less expensive than to have several smaller dinners. Here is what I had at a buffet supper which I gave recently:

Meat loaf, tomato sauce
Potatoes au gratin
Mold of lime and cabbage
Mold of tomato and crabmeat
Five different kinds of cheese
Crackers
Choice of demi-tasse, or coffee and cream

Would you like to know the proportions that I used in making the Meat Loaf? This fed 16 hungry individuals, and then left enough so

One-half cup sugar, 1 egg, 1 tablespoon butter, 1-2 cups flour, 1 teaspoon vanilla, 1 teaspoon salt, 1 cup boiling water, 1 teaspoon soda, in flour.

Chop dates. Let stand in boiling water until cool. Add to other ingredients and bake for one hour.

Bran Bread. One-fourth cup sugar, 1 tablespoon lard, 1-2 cups wheat flour, 1 egg, 1 cup sour milk, 1 teaspoon soda, 1 cup bran.

Clean the sugar and lard. Beat in egg and then add the other ingredients. Bake slowly for one hour.

Grapenuts Bread. One cup grapes, 1 cup brown sugar, 1 teaspoon salt, 2 cups milk, 2 eggs, well beaten; 2 teaspoons baking powder, in flour.

Soak grapes, brown sugar, salt, and milk for about one-half hour and then add baking powder, in flour. (You will use about one cup of flour, if you wish a soft batter.) Put into two small pans and let stand for about 15 minutes. Then bake for 45 minutes.

Orange and Nut Bread. Five cups pastry flour, 1 cup granulated sugar, 1 cup sugar (sifted), 1 teaspoon salt, 6 teaspoons baking powder.

Add 1-2 cup each of chopped candied orange and chopped pecan nut meats; mix thoroughly. Beat one egg; add 1 cup of milk and add to first mixture. Turn into buttered bread pan and bake 45 minutes in a moderate oven.

Trim the table all in green. Tell each lad, and each colleen

BRITISH NAVAL FUNDS INCREASED \$1,000,000

Most of Increase Charged to Delayed Construction of Past Year.

LONDON, March 9.—(AP)—British navy estimates for 1933, announced today, provide for a total outlay of \$3,570,000 (\$183,745,100) pounds sterling, an increase of 3,003,700 (\$161,131) pounds sterling over last year.

Of this increase 2,355,300 pounds sterling is required to make normal progress with new construction.

The new construction program for 1933 includes the building of three cruisers—probably one Leader type and three Arethusa—two destroyers and eight other destroyers, three submarines, three sloops, one coastal sloop, one coastal sloop and small craft.

The cruisers constitute the fourth and final installment of the replacement program for completion in 1936 under terms of the London naval treaty. The number of destroyers and submarines are the same as in previous building programs since the treaty became effective.

The number of officers, seamen, boys and royal marines provided for under the estimates is 90,300, a decrease of 1,110.

It was pointed out in a statement on the estimates that a large part of the normal expenditure on shipbuilding in 1932 was deliberately retarded and heaped into subsequent years by the temporary expedient of deferring orders.

"The remainder, 738,340 pounds sterling, of the increase over 1932 does little more than make good the automatic rise in 1933 of non-effective."

It said 64,000 pounds sterling will cover the increase in the cost of the maintenance of the fleet aviation arm. No new flights are provided.

COWBOY, INJURED IN RODEO, IMPROVES

Dink Patton, 23, of Lincoln, Neb., whose neck was broken at the first performance of the Texas Rodeo in the Macon municipal auditorium Tuesday night, is reported considerably improved.

Patton was scheduled to appear in the Atlanta contest the week of March 20 when the "Rangers" present their first annual winter series rodeo here, sponsored by the local post of the American Legion.

The cowboy was injured when thrown from the back of a wild steer to the dirt-covered floor on his head. The man-hating animal turned and gored him, but as the horns were blunt no severe wounds were apparent.

However, the X-ray examination revealed that the first cervical vertebra was broken. He is resting comfortably at the Macon hospital.

WEST VIRGINIA SEEKS \$70,000,000 FROM U. S.

CHARLESTON, W. Va., March 9.—(AP)—The house of the West Virginia general assembly have passed a resolution demanding payment by the United States government of \$70,000,000 as compensation for the state's services in "preventing spread of the Civil War over a far-flung battlefield and for the state's sacrifice in maintaining law and order."

The bill demands \$13,000,000 plus five per cent interest accumulated since the war.

They must come in gala mood To enjoy the games and food.

Top of the marin! to ye! One of the things that so many of us envy about the Irish is their ability to "laugh at the while, and at other times and."

Planes and ships that is why we always like to celebrate the day of their patron saint—St. Patrick by giving a party. As the 17th of March comes this year, let's give a party for them. You know, if you happen to be 15 or 16 years old, nothing is more thrilling than to be able to have "the gang" in for a party.

Half the fun of a party is in planning it, so why not make this spring do most of that part of it themselves. Sometimes we grow up and fail to understand just what constitutes "a swell time" for the crowd. In addition to that, it will teach them better, the elements essential for successful social entertainment in the home.

If you are careful about it, I feel sure that you will be "allowed" to supervise the table decorations and the food. Gay green will of course, be the predominating color for your table decorations. If you happen to have a green linen cloth, now is the time for it. An enchanting contrast may be made by using a crystal bowl, on this same green cloth, with lilies of the valley in it. Green candles in crystal candleholders will be lovely.

Or, if you use a snowy-white cloth, your table will be just as effective if you use the same flowers and then decorate with shamrocks and white clay pipes.

Let them begin with a cream soup and, for this one, use a white demi-tasse. As I reminded you before, there is no school the next day, and they probably will be up later than usual. If the party is a girl's party, you might try letting her serve the demi-tasse in the living room. This will give her a tremendous kick, as she will feel so really grown up. Have your coffee delicious and piping hot, of course. Remember to use two tablespoons of coffee to one cup of water in making demi-tasse coffee and to use a good brand.

A very easily prepared and inexpensive dessert is:

Saint Patrick Fluff. Two cups boiling water, 1 package lime gelatin, 2 egg whites.

Dissolve the gelatin in boiling water and let cool. When it begins to thicken beat for several minutes. Then add stiffly beaten egg whites and continue beating until whole mixture holds its shape. Chill.

Gaelic, or "Erse" was, at one time, a dialect of old Irish. Perhaps that is one reason, but the purport words we have ending in "erse." Here is a jolly game you might humbly suggest that they play. Give each person a slip with the first of the following words written on it. Tell them that here are 12 words, all of which have a similar companion word which ends in "erse." Here is the list of words: varied—diverse; unfortunate—adverse; obstinate—perverse; unwilling—averse; to cross over—traverse; scatter—disperse; to dip—immerse; talk to—converse; creation—universe; turned backwards—reverse; submerge—submerge; inverted—inverse.

CHINESE REFUSE TO ADMIT DEFEAT

Japanese Launch Task of Clearing Jehol Province of Straggling Foes.

By the Associated Press.

Having conquered the province of Jehol, Japan must turn now to clearing out what is left of the Chinese army. A drive is to start immediately against the last of the defenders, pushed back to the Great Wall. Chinese headquarters at Peiping insisted its troops had not yet surrendered completely, but were moving against the Japanese from three directions in an effort to drive the invaders back upon Jehol City.

That capital and the towns between it and the Manchurian frontier have been taken over completely. Most of the Chinese inhabitants have fled, and the functions of government have been assumed by administrators who followed the army.

JAPAN TURNS TO TASK OF DRIVING OUT CHINESE
CHINCHOW, Manchuria, March 9.—(AP)—Victorious in its invasion of Jehol, whose capital it now holds, the Japanese army has turned to the task of driving out the remnants of China's defenders along the Great Wall.

This may require several months, as it did in Manchuria, but a general attack has been ordered for tomorrow.

THREE CHINESE COLUMNS MOVE AGAINST JAPANESE

PEIPING, China, March 9.—(AP)—Driven back to the Great Wall by the irresistible Japanese advance, the army in Jehol has not yet surrendered completely but still hopes to redeem itself in some degree by thrusting the enemy back from the wall.

Army headquarters here said three Chinese columns were advancing against the Japanese in the vicinity of Jehol City.

General Feng Yu-shiang was reported to be advancing toward Jehol City with 20,000 men while General Sun Pien-ying, with 30,000 soldiers, moved against that capital from the north.

Thousands File Past Anton Cermak's Bier

CHICAGO, March 9.—(AP)—Anton J. Cermak's body lay in state today in the city and county building while thousands of mourners silently filed past the bier to do homage to his memory.

The casket was set symbolically on a line dividing the municipal and county halves of the building in which the assassinated mayor so long and actively had shaped the course of public affairs.

By evening many thousands had viewed the body of their slain mayor and still passed the catafalque at the rate of 5,000 an hour, police said.

The body will remain in the city hall through the night, surrounded by an honor guard. Tomorrow morning, it will be escorted to the Chicago stadium, where civic funeral services will be held with clerics of three faiths eulogizing the man.

The body will then be taken to the Bohemian National cemetery where, after Masonic and Bohemian rites, it will be placed in the Cermak family vault beside that of the mayor's wife, Mary, who died in 1928.

Negro, 64 Years on Duty, Quits State Department

WASHINGTON, March 9.—(AP)—After 64 years of service in the state department, Eddie Savor, grizzled little negro doorkeeper for the secretary, said today he will retire next Saturday.

Being 77 years old and much beyond the regular retirement age, Eddie has been receiving from the government only his retired pay, but during Secretary Stimson's regime the latter personally made up the difference between this and the position's regular salary out of his own pocket.

Cotton Textile Group Confident of Future

Complete confidence in the soundness of the nation's financial structure was expressed during a conference Thursday night of leading cotton textile officials, at which George A. Tilton, president of the Cotton Textile Institute, was guest of honor.

The conference, held at the Atlanta Biltmore hotel, was attended, among others, by Herman Elsas, president, and Theo M. Forbes, secretary, of the Georgia Cotton Manufacturers Association, and J. M. Miller, president of Exposition Cotton Mills and a member of the institute's board of directors.

The cotton executives praised the manner in which President Roosevelt is handling the financial emergency, and it was said that the past 48 hours had witnessed an improved market for cotton textiles both as to volume and in price, although manufacturing margins generally have not reached profitable levels.

Carl Williams Resigns Farm Board Position

WASHINGTON, March 9.—(AP)—Carl Williams, of Oklahoma, today resigned as a member of the federal farm board, the resignation submitted to President Roosevelt to become effective March 15.

Williams was editor of the Oklahoma Stockman, published at Oklahoma City, prior to his appointment as a member of the board by President Hoover. His term was for a period of six years, ending in 1935.

He was the cotton expert of the board and vice chairman.

LABORERS UNEARTH PART OF JEWELS STOLEN BY BARRY

MINNEAPOLIS, N. Y., March 9.—(AP)—Long Island police had hopes tonight of recovering the \$1,000,000 loot of two notorious jewel thieves for which an unending hunt has been conducted for more than five years—and a lot of other people had a similar idea.

Four laborers of the emergency relief committee, digging up the roots of a tree near Lake Ronkonkoma, about 40 miles from New York city, came upon a gold mesh handbag.

One of them took it home and gave it to his children. Neighbors saw the youngsters playing with rings, pins and chains set with dazzling gems.

A Long Island official heard the story and set out to investigate. Today, while state troopers were guarding the area around the spot where the handbag was dug up, it was disclosed that the jewelry definitely was part of the loot of Arthur Barry and "Boston Billy" Monahan, who are serving long sentences for their thefts.

Some of the pieces were identified by insurance company officials as belonging to John Greenleaf, an architect; to Jesse L. Livermore, a Wall Street operator; and to Harry Aaronson, a stock broker, all of whom had been victims of the holdup pair.

The contents of the handbag, valued roughly at \$40,000, included 250 diamonds and a number of sapphires, rubies and amethysts.

Expressing hope that part or all of the missing jewelry taken by the pair in their many robberies of wealthy homes might be recovered in the same area, officials arranged to have a group of unemployed laborers dig up the section. Meanwhile many Long Island residents rushed to the scene with shovels and coal shovels, hoping to be able to dig up some of the buried treasure themselves.

A cordon of state troopers, however, was thrown around the area and the treasure hunters were stopped before they had gone very deep.

STREET SURPRISED AT ALDRICH PLANS

Drastic Program of Banking Reform Pro- posed by Leader.

NEW YORK, March 9.—(AP)—Wide-eyed Wall Street looked toward Washington today and pondered the legislative chances of Winthrop W. Aldrich's plan to change the set-up in the financial heart of the western world.

Aldrich, who is head of the Chase National bank, the largest in the world, and is brother-in-law to John D. Rockefeller Jr., proposed last night the most drastic program of banking reform that has ever emanated from Wall Street.

Not only would it divorce deposit and investment banking completely, but it would go far beyond even the Glass bill, which hitherto has met much disfavor in Wall Street. One effect would be to curb severely the activities and power of leading private banking firms, notably J. P. Morgan & Co.

It would forbid private bankers to take deposits or to be directors of banks of deposit. Members of the Morgan firm are directors of some of the largest commercial banks of the country and hold important deposits, foreign and domestic.

There was a feeling in some parts of Wall Street today that congress would give close consideration to the Aldrich proposals. They adopted the spirit of the Glass bill, which advocates the separation of banks and security affiliates, and extended it further.

The program, designed to rid commercial banking of any "spirit of speculation," astonished many in Wall Street. It involves the inclusion of all commercial banks in the federal reserve system.

The Aldrich plan would necessitate further changes by his own bank. For instance, among its directors are several members of private banking houses, who would have to give up their directorships. Aldrich advocated small boards of directors for commercial banks. Chase National has 78 directors, one of the largest numbers of any bank.

Winthrop W. Aldrich is the second of his family to advance drastic banking reform.

His father, the late United States Senator Nelson W. Aldrich, of Rhode Island, was one of the authors of the Aldrich-Vreeland act after the 1907 panic.

Although the Aldrich-Vreeland act was repealed when the federal reserve system came into being, Washington leaders are now looking to it for a basis of new emergency legislation to issue more than \$2,000,000,000 of currency backed by the liquid assets of banks.

The elder Aldrich was himself a banker.

DEBT HOLIDAY BILL KILLED IN ARKANSAS

LITTLE ROCK, Ark., March 9.—(AP)—A house bill providing for a 90-day moratorium on private and public debts was killed in the Arkansas senate last night through a motion to table, which passed without debate.

The bill would have shorn courts of powers of collection for the period.

Mrs. Thompson Renamed President; Bessie Tift Again Gets Convention.

FORSYTH, Ga., March 9.—The annual convention of the Georgia Baptist Women's Missionary Union ended its 1933 sessions here today with election of officers and naming of Bessie Tift College again as the site for the 1934 convention. It was felt that the college here offers the most central location, best boarding accommodations and that the fact that all delegates are housed on the campus makes for convenience in conferences and social gatherings. The 1934 convention will be held in March during the spring vacation at the college.

Mrs. Ben S. Thompson, of Madison, who has served as president for the past year, was re-elected to that office. Her work as head of the organization was highly praised.

Dr. Ellis Sammons, of Macon, president of the Georgia Baptist convention, spoke at today's session, taking as his theme "Nevertheless We Will," and sounded a note of determination and confidence.

Mrs. E. K. Mann, of Newnan, made an appeal for the 1934 children at the Hapeville orphanage, while Dr. W. H. Major, Atlanta, represented the Georgia Baptist hospital. Dr. Major said that under the supervision of W. D. Barker, the hospital, despite the many charity cases it takes, is self-supporting, but that back operations are a source of considerable concern.

Memorial services for Baptist women who died during the past year were conducted by Mrs. F. L. Askin, of Atlanta.

Officers and chairman who will serve with Mrs. Thompson for the year are as follows: Mrs. W. J. Neel, Cartersville, president emerita; Mrs. George Westmoreland, Atlanta, vice president emerita.

Mrs. J. C. Lanier, West Point, vice president; Mrs. A. F. McMahon, Atlanta, corresponding secretary and treasurer; Miss Mary Christian, Atlanta, young people's secretary; Mrs. E. C. Laird, Atlanta, recording secretary; Mrs. Paul Etheridge, Atlanta, assistant recording secretary; Mrs. B. L. Buzz, Atlanta, auditor.

Divisional vice presidents elected are Mrs. G. S. Borders, Cedarhurst; Mrs. Marshall Niles, Hartwell; Miss Henni Hughes, Danville; Mrs. J. H. Zachary, Atlanta; Miss Rosalie Belle Newton, Columbus; Mrs. E. L. Maynard, Americus.

Departmental chairmen are as follows: Mrs. W. C. Little, Tennessee, mission study; Mrs. W. W. Stark, Commerce, stewardship; Mrs. Fred Smith, Augusta, personal service; Mrs. S. I. Askin, Atlanta, publicity; Mrs. C. F. Cater, Quitman, white cross; Mrs. W. T. Henry, Atlanta, Margaret fund.

CHATHAM COUNTY CUTS \$40,000 OFF PAY ROLL

SAVANNAH, Ga., March 9.—The salary ax has fallen at the courthouse. The Chatham county commissioners have lopped off \$40,000 on the annual pay roll of the county. No one escaped except two members of the judiciary, the tax collector and a clerk whose pay was fixed by legislative enactment. The biggest cuts were in the pay of Thomas S. Russell, clerk of the city court, who got a slash from \$6,000 a year to \$3,000, and the second was the pay of Julius C. Sipple, city court sheriff, who was cut from \$6,000 a year to \$3,600.

The salaries were revised on the basis of 1941 remuneration. It was explained, because the figures in that year represented the basic salaries. In 1932 county officers took a voluntary cut in salary of 10 per cent.

THOMASVILLE, Ga., March 9.—Judge W. E. Thomas in superior court today sentenced Joe Groves to death in the electric chair on March 27 at the state prison at Milledgeville. Groves made no statement as sentence was passed.

He was convicted of murder in the slaying of Deputy Sheriff H. A. White in Thomas county in June, 1931. Execution of the death sentence was delayed by lengthy court procedure and rehearings.

LEHMAN ADDRESSES FRIGIDAIRE DEALERS

The company that goes out after business in a period of commercial reconstruction nine times out of ten finds it, said H. F. Lehman, commercial sales manager for Frigidaire Corporation, subsidiary of General Motors, Thursday at the convention of Frigidaire salesmen and dealers from this trade territory, held at the Shrine mosque.

"The pressure of an economic crisis forces new ways of thinking, new ways of serving into the process of development," he said. "Our company constantly is striving to improve our products, perfect our selling tactics, brighten up our advertising and in every way be of better service."

"We believe people will buy if they are offered something useful at a price they can afford to pay. We believe much of the money that is held in safety deposit boxes can be drawn into circulation if the largest companies will knuckle down and offer the American people products they can use to advantage."

"Despite the fact our company has had the good fortune to place nearly 2,500,000 Frigidaires in use, we haven't stopped progressing."

"In Dayton, where our two large plants are situated, we employed in 1929 close to 7,000 men. When I left Dayton a few days ago, virtually that same number of men was on the pay roll. But they were building better products."

"The future of the nation depends upon the salesman. A factory worker can't build if the salesman doesn't sell. A railroad can't haul products unless the salesman sells. The army of salesmen in the United States today actually is in a spot similar to the trenches in France in 1918 when another great army of Americans ended the World War."

At noon the visiting dealers and salesmen were guests of A. F. Eichenlaub, southern division manager, with headquarters here, at a luncheon at the Biltmore hotel.

"WHAT AN ATTRACTIVE bathroom AND THE FIXTURES COST SO LITTLE"

Get quick relief from neuralgia pain, sciatica pain, neuritis pain, rheumatic pain, lame back, stiff neck, headache, strains and chest colds by rubbing plenty of Baume Bengue (pronounced Ben-Gay) on the spot. It doesn't blister or stain. Rub it in till it sinks down and soothes the pain or breaks up the chest cold. Take no drugs, for any drug that is powerful enough to "dead" pain or loosen a chest cold may not be good for you.

But beware of imitations. Ask your druggist for Baume Bengue by name (called "Ben-Gay" in English). There are many analgesic balms, mostly cheap imitations of Ben-Gay made out of synthetic drugs. That is why they are ineffective. Insist on Ben-Gay and you will get real results.

The proceeds will be divided between the milk fund at the J. Allan Couch school, the needy families adopted by the club, donations to needy individuals, charitable work of the national organization, the two Alpha Gamma summer camps for undernourished children. A musical program was featured. Candy was sold by Little Misses Jean Bright and LaRue Mizell.

The fraternity colors of red, buff and green were effectively used as decorations. In addition to members of the fraternity, 25 close friends of the honor guest called during the afternoon. The club meets Saturday, April 1, the time and place to be announced later.

CULBERTSON ON CONTRACT

BY ELY CULBERTSON,
World's Champion Player and Greatest Card Analyst.

The Tools of the Expert

The expert Contract player has many weapons at his disposal. In playing the Dummy he has a bag of tricks-plays which are dependent upon opponents' mistakes, as well as another kit filled with legitimate plays of all sorts, including end-plays and squeezes. His play of the Dummy is characterized by a rigid adherence to the laws of percentages—in other words, rather than try to guess a finesse, he will first employ every effort either to set up a side suit for a discard or, if that fails, to find a legitimate squeeze play. The hand below was played at Crookford's Club, New York, by Mr. Oswald Jacoby, who needs no introduction to readers of this column.

The bidding: (Figure after bid in table refers to numbered explanatory paragraph.)

7♠ (1) Pass Pass Pass

1—North knows that with his three Aces South cannot take any further action. He accordingly gambles on bidding seven spades, realizing that there is, at the worst, a finesse for it. The bonuses for Grand Slams justify this bid.

The Opening lead was the diamond deuce by West. Of course, it was obvious that by merely letting this diamond ride around to Declarer's Queen, the contract would be a lay-down. West, the Opening leader, was a smart player and knew that the Declarer would be loath to take a finesse at the first trick of a seven contract. Mr. Jacoby, realizing all the other plays he had on the hand, promptly went up with the diamond Ace. His first plan of campaign was obvious: to try to drop the diamond King on the second or third round of the suit. Accordingly a second diamond was led from Dummy and ruffed by Mr. Jacoby.

Five rounds of trumps were now played, on which three hearts and a diamond were discarded from Dummy, with no illuminating discards from the opponents. A decision now had to be made. Mr. Jacoby had a choice of either entering Dummy with the club Ace and leading a diamond (if the King did not drop, the heart finesse still remained) or entering Dummy with a small heart and winning the trick with the ace (if the diamond did not drop, a double squeeze, following the Vienna Coup,

would develop). Knowing the tricky nature of the East player's game, Mr. Jacoby finally decided that the King of diamonds was probably in his hand, and, accordingly, the chances were that West had the heart King. Mr. Jacoby therefore decided to play for the squeeze rather than the finesse if the diamond King did not drop. A low heart was led from the South hand and won with the Ace in Dummy, and another low diamond was led and ruffed—and the King did not appear. However, the play of the remaining trumps left both East and West in great distress. Coming down to the last three cards, the hands were as follows:

Scrappy Moore, Star Baron Fielder, Seeks Job With Crackers

WHAT WOULD THEY PAY THIS SUMMER?
(An ode to the Babe, who says, "I take my cuts at the plate.")

What would they pay this summer (The Yanks a run behind),
To see the Babe come stepping up and blast the pitcher blind,
With a home run smack to the wall and none of your infield putts?
(Oh, the summer, not the winter, is when the Big Man takes his cuts.)

And what would they give in the series when runs are needed sore,
To have the Babe contribute to the end of a perfect day?
What would they give then for the Babe and his rolling strut?
(Oh, the summer up at the plate is when the Great Man takes his cut.)

What will it be worth in cash, with an inning left to play,
To have the Babe contribute to the end of a perfect day?
What would they offer then? Will they curse themselves for mutts,
That they asked him in the winter time to come and take his cuts?

BOB PARHAM BOOSTS CRACKERS.

Bob Parham, looking very pert indeed, swung into Spalding's yesterday asking about some baseball shoes. The Tech football and baseball star, who broke in as a star with the Crackers in 1929, is getting set to report to the Rochester training camp.

"Sure, I signed," he said. "I knew the contract would have a cut in it but I signed. A player who doesn't is a sap."

"That is, all but Babe Ruth. I think he helps baseball in general so much that he deserves all he gets. He's good for the entire game, majors and minors."

Parham has played good baseball since leaving the Crackers and is expected to be back in the majors within another year or so.

"I hope Charley Moore has a great year with the Crackers," he said. "I've played for him and he is a fine manager and a fine fellow. I am willing to bet that he turns up with a good ball club. Atlanta can bank on him."

HORSE SHOW NOTE.

Miss Linda Gordon Donalson, who was secretary for the Southern Amateur Field Trial Association during the winter, was in Atlanta yesterday at the request of the Atlanta Horse Show Association. Her work at Albany was so excellently done that she may be asked to help put over the horse show.

"A BEE, A BEE, MY KINGDOM FOR A BEE."

"Who was this fellow Alexander who put in his appearance one morning and made such a big bid for a hoss?" asked Your Uncle Wilbert Robinson as he packed for his trip today to the Cracker camp at Mobile. "I'll bet he didn't want a hoss any more than Charley Moore and I want a Class B infielder, preferably a first baseman."

The Cracker officials, it seems, have bees in bonnets and much grief thereby. Norman Sitts, who played first base for Charley Moore at Hartford, is available. So are Susko and Sturdy. But those boys are all "A" boys.

If times get better in the baseball business, Your Uncle Wilbert Robinson is going to make a gallant effort to reduce the list of "Bee Boys" now required. The number is six.

The outfield situation would be considerably brighter if Johnny Cummings were a "B" player. But he isn't. A "B" player is one who has not batted 160 times or more or pitched 60 innings in a Class A league or higher. Cummings was in the Southern association all last season.

Had it not been for the "times" both he and Johnny Carithers would have got trials with the White Sox.

COVERING LOTS OF GROUND.

When Sam Rice speaks up at Biloxi, Miss., and says that the present Washington club is the best one in his time, he is covering a span of 18 years.

FAMOUS LAST WORDS.

Well, I suppose it's all right to take Woodin money now.

LANCE RICHBOURNE RETURNS.

And so Lance Richbourg is coming back to Dixie! The Nashville Vols have purchased the outfielder, who was with Boston for years, and it will be a sort of a home-coming for him.

Richbourg first appeared at Sulphur Dell in 1923 in company with Kiki Cuyler and Bevo LeBourveau, positively the greatest outfield ever assembled in the Southern league.

It was the first appearance in Class A baseball for Richbourg and Cuyler. The old Dell was reversed then from the position it now occupies. But the same old steep bank was in right field. And Richbourg played it.

The lowly Vols, lately rid of Larry Doyle, one-time captain of the Giants' infield and a great second baseman, were on their way to a pennant when Richbourg, sliding into third at Chattanooga in June, caught his spikes in the dirt and broke his leg. The Vols slumped from that moment.

Richbourg is one of the finest fellows in baseball. And his addition to the Vol outfield will make it one of the best ones in the circuit. Can it be that Nashville is about to appear with a real ball club?

RUG MONEY APPEARS.

Rug money, those old-style big bills, is making its appearance, proving that, after all, maybe some people did see this thing coming years and years ago.

Piedmont Women Stage Blind Bogey

A blind bogey tournament will be played at 9:30 o'clock this morning on the Piedmont Park municipal course and will be sponsored by the Piedmont Park Women's Golf Association.

Prizes will be given for nine-hole scores only and the players will select their own handicaps within the prescribed limits before play starts.

G.M.A. Cross-Country Race Is Slated Today

G. M. A.'s annual cross-country race will be run at 2:30 o'clock this afternoon, with more than 75 students expected to participate.

The race will start on the parade ground, wind through College Park to Chandler field and return and measure two and one-half miles.

Burtz Boulevard, a star on the football, basketball and tennis team at G. M. A., holds the record, made last year.

More than a score of cakes will be given to the winners, in addition to a track letter for the student crossing the finishing tape first.

Georgia Awards Frosh Numbers

ATHENS, Ga., March 9.—Seventeen members of the Georgia basketball team were awarded numbers for play during the season just closed. Johnny Broadie, head freshman coach, announced today.

The 1933 freshman team had the most successful season of any recent yearling squad. The team won 14 games and lost one. The only loss was to Monroe at the dedication of Monroe's new gymnasium. The Bulldogs were divided into two teams during the season. The first and second teams played on the same nights, thus allowing the maximum number of students to participate in basketball.

Men making 1933 numbers were: H. B. Hatcher, C. F. Shingler, A. M. V. Mopper, R. B. Fort, W. B. Wisdom, W. P. Dobbs, J. F. Baxter, D. Bowden, H. Gibson, S. B. Crowe, J. F. Hollis, J. Yeomans, W. Hariza, L. Andrews, L. Rogers, H. F. Chastain.

NEW GAME.

LUBBOCK, Texas, March 9.—(AP) Louisiana Tech will play Texas Tech here at football next October 20. Coach Pete Cawthon announced today.

HOLDOUT WAR LOSS OF FORCE ON ALL FRONTS

Ruth and Gehrig Head Small Unsigned List Group.

NEW YORK, March 9.—(AP)—Chastened by the historic financial upheaval of the past 10 days, baseball's holdouts are sliding into line all along the southern front, but there is still an "all-star team" headed by Babe Ruth and Lou Gehrig, doggedly defying the lightning of depression and monetary disaster, as well as the wrath of well-pitched club owners.

How would a cast like this, for instance, do in a pennant race in either the American or the National league? First base, Lou Gehrig, Yankees, with Don Hurst, Phillies, and Harley Boss, Cleveland, as reserves.

Second base, Frankie Frisch, Cardinals. Shortstop, Bill Urbanski, Braves. Third base, Joe Strickland, Braves. Outfield, Babe Ruth, Yankees; Heinie Manush, Washington; Hack Wilson, Brooklyn; with Dick Porter, Cleveland, and Vince Barton, Cubs, as reserves.

Pitchers: Wes Ferrell and Willis Hudlin, Cleveland; Lloyd Brown, Bump, Hadley, Dick Coffman, all Browns; Darryl Vance and Jim Linsay, Cards; Bob Burke, Senators, and Larry Benton, Reds.

Catchers: Rick Ferrell, Browns, and Moe Berg, Senators.

The one and only Ruth, though he is in camp with the world champion Yankees at St. Petersburg, insists that he will retire from baseball before he will accept the \$50,000 that represents a 33-1 cut from last year's salary. Gehrig hasn't even headed south yet, and Franklyn, another New York suburbanite during the winter, likewise is staying home until the Cardinals offer better than \$8,000 for a year's work. Frankie drew \$15,000 last year.

These constitute the most rabid of the holdouts, but the rest, while far from satisfied, are wavering. Several are with their clubs, practicing but unsigned.

Two of the foremost surrenders in the past 48 hours came from Charley Ruffing and Earl Webb, the Yankees, and Bob Worthington, Braves' outfielder.

Babe Hits Homer; Ruffing Signs.

ST. PETERSBURG, Fla., March 9.—(AP)—Red Ruffing, whose right-handed slants brought the New York Yankees 18 victories last season, today deserted the ranks of the holdouts, signing his 1933 contract with Manager Joe McCarthy, following his arrival at the club's training base here.

Terms were not disclosed by Ruffing or McCarthy.

Babe Ruth, still unsigned, got away his first training camp home run today, driving the ball into Crescent lake, which borders the Yankee training field.

GIANTS. LOS ANGELES, March 9.—(AP)—Satisfied with the way his team is rounding into shape, Manager Bill Terry of the New York Giants, cut practice short today with only a morning session of base running and batting practice.

REDS. TAMPA, Fla., March 9.—(AP)—The Cincinnati Reds went hunting bats for Chick Hefley today. The former Cardinal slugger started batting practice with only two of the big clubs he prefers, and broke both of them with heavy swinging.

PIRATES.

PASO ROBLES, Cal., March 9.—(AP)—Pittsburgh's Pirates broke training camp late today to head for San Francisco, where the National league will open an exhibition tour against the San Francisco Seals of the coast league tomorrow.

TIGERS.

SAN ANTONIO, Texas, March 9.—(AP)—Hank Greenberg, Detroit Tiger recruit, today joined Gerald Walker in the feat of hitting a home run over the 10-foot high left-field fence, 353 feet from the home plate. So far, the two make up a select list of "certified heavy hitters" on the Tiger squad.

Everyone is in camp but Earl Webb, whose absence is unexplained.

BROWNS.

WEST PALM BEACH, Fla., March 9.—(AP)—Manager Bill Killefer today took his 1933 look at his St. Louis Browns' pitching staff and found that Dick Coffman was further advanced than any man in camp. Lloyd Brown found his batting good and Jack Knott, throwing three or four burners over the plate, informed Killefer these were his "slow balls."

CARDINALS.

BRADENTON, Fla., March 9.—(AP)—Ernest Orsatti is generally considered the outstanding hot corner fielder on the 1933 Cardinal machine, but he has been advised not to throw away his first baseman's mitt. His little Popper Martin ran into all his bad luck last year, has caused Gaby Street, manager, to look kindly on Orsatti.

RED SOX.

SARASOTA, Fla., March 9.—(AP) Manager Matty McManus today modified his Boston Red Sox training program as far as it applied to his pitchers. He worked the recruits during the two-hour morning session and excused the veteran hurlers until the afternoon. Every one else on the squad, however, had to do double duty.

Indians Pleased With Harley Boss

NEW ORLEANS, March 9.—(UP)—Attention of "Big Chief" Roger Peckinpaugh, of the Cleveland Indians, was centered for a time today on promising rookie from Chattanooga, Tenn.

The fielding of Harley Boss, first baseman acquired from Chattanooga, was one cause of the apparent good humor of the Indian boss.

Wareboro To Meet Colquitt for Crown

WAREBORO, Ga., March 9.—Wareboro and Colquitt High girls will meet in an unofficial south Georgia championship game at Quitman Friday night.

Wareboro and Colquitt won respective district trophies. Wareboro is undefeated for two seasons, and so is Colquitt High, except for the game they lost to Wareboro at the end of last season.

Babe Hits One

Although still unsigned to a New York Yankees contract, Babe Ruth, the Swat King, cut loose Thursday during an unofficial drill at the Yankee training camp at St. Petersburg and poled his first 1933 home run. Yoo, hoo, Colonel Ruppert.

'ROSY' DEFENDS 'TITLE' TONIGHT

NEW YORK, March 9.—(AP)—Maxie Rosenbloom, the slapstick comedian of the light-heavyweights, gets down to serious business again tonight when he defends his title from the Madison Square Garden battle pit.

He will carry his claim on the 175-pound championship, recognized as valid only in New York state, into the ring for 15 rounds today, Adolph Heuser, the squatty, hard-punching German.

The odds are slightly in favor of the titleholder, who has a habit of becoming very serious on important occasions and bewildering major opponents with his unorthodox footwork and busy hands.

Rosenbloom, a great favorite in the night clubs and a thorough-going man about town, has not appeared in the Garden since the night he slugged Abie Bain, of Newark, dizzy in 33 rounds of a title go.

Heuser, a bull-necked Teuton with the chest of a wrestler, belted Harry Elberts around thoroughly in the semifinal to the ill-fated Primo Carnera. Ernie Schacht card to earn his right to the title shot at Rosenbloom.

GIANTS. LOS ANGELES, March 9.—(AP)—Satisfied with the way his team is rounding into shape, Manager Bill Terry of the New York Giants, cut practice short today with only a morning session of base running and batting practice.

REDS. TAMPA, Fla., March 9.—(AP)—The Cincinnati Reds went hunting bats for Chick Hefley today. The former Cardinal slugger started batting practice with only two of the big clubs he prefers, and broke both of them with heavy swinging.

PIRATES.

PASO ROBLES, Cal., March 9.—(AP)—Pittsburgh's Pirates broke training camp late today to head for San Francisco, where the National league will open an exhibition tour against the San Francisco Seals of the coast league tomorrow.

TIGERS.

SAN ANTONIO, Texas, March 9.—(AP)—Hank Greenberg, Detroit Tiger recruit, today joined Gerald Walker in the feat of hitting a home run over the 10-foot high left-field fence, 353 feet from the home plate. So far, the two make up a select list of "certified heavy hitters" on the Tiger squad.

Everyone is in camp but Earl Webb, whose absence is unexplained.

BROWNS.

WEST PALM BEACH, Fla., March 9.—(AP)—Manager Bill Killefer today took his 1933 look at his St. Louis Browns' pitching staff and found that Dick Coffman was further advanced than any man in camp. Lloyd Brown found his batting good and Jack Knott, throwing three or four burners over the plate, informed Killefer these were his "slow balls."

Everyone is in camp but Earl Webb, whose absence is unexplained.

CARDINALS.

BRADENTON, Fla., March 9.—(AP)—Ernest Orsatti is generally considered the outstanding hot corner fielder on the 1933 Cardinal machine, but he has been advised not to throw away his first baseman's mitt. His little Popper Martin ran into all his bad luck last year, has caused Gaby Street, manager, to look kindly on Orsatti.

RED SOX.

SARASOTA, Fla., March 9.—(AP) Manager Matty McManus today modified his Boston Red Sox training program as far as it applied to his pitchers. He worked the recruits during the two-hour morning session and excused the veteran hurlers until the afternoon. Every one else on the squad, however, had to do double duty.

Indians Pleased With Harley Boss

NEW ORLEANS, March 9.—(UP)—Attention of "Big Chief" Roger Peckinpaugh, of the Cleveland Indians, was centered for a time today on promising rookie from Chattanooga, Tenn.

The fielding of Harley Boss, first baseman acquired from Chattanooga, was one cause of the apparent good humor of the Indian boss.

Ivy Griffin Seeking Job After 13 Years

Member of Frank's Famous "Kid Team" at Mobile Working and Hoping for Place.

By Jimmy Jones.

MOBILE, Ala., March 9.—One of the finest fellows in baseball is Ivy Griffin, the first baseman, and it is too bad that he is looking around for a job after 13 years of playing baseball. He was thinking of that while talking to him today just after he finished playing first in a game for one of the Cracker teams. He did so without remuneration, for Ivy is working out here just to get in shape and isn't even on the squad. He was cooling himself near a window in Dr. William Daly's clubhouse and the perspiration stood in little sparkling beads in the furrows of his forehead.

Thirteen years ago, Ivy was starting his first season of professional baseball with Atlanta's celebrated "kid" team of 1919. He was young and dashing then and played first with lots of verve and ginger. Somehow, as he stood there before the window, he appeared a trifle wistful and reminiscent, as if thinking of another life and the late Charlie Frank was assembling the kid team, after leaving Ivy out of an Army camp.

ARMY PLAYER. The big guns had just ceased booming along the Marine. The doughboys were still struggling home to waiting firesides and families. Baseball was just before beginning its season of glory, and the great discoverer, had emerged from the byways and hedges with a ball club that was destined to win another Southern league pennant—Frank's last, by the way.

It was while playing for the Camp Wheeler team of Macon against Camp Gordon that Frank and Ivy met. The kid football coach, along with Johnny Suggs, the southpaw upon whom Frank's covetous eyes also had been fixed, called Ivy a "cutter" and had just been sent down to his home by his old friend, Connie Mack, and he had yanked Chick Galloway out of the old Southeastern league to play short.

GOOD PITCHERS. He had some good pitchers—Johnny Suggs, Joe Thorburn, Ray Roberts and Dan Boone, the latter from University of Alabama. John Styles, also of the university, and Bob Higgins, now an umpire, were the catchers. Damrosch was on the mound. He played second. Hardin Herndon was in left field, the immortal Sammy Mayer in center and right field was a sort of open forum for a while with Benji Oliver and then Milton Reed, who played it best of all, and lastly Bing Miller, whom Mack sent down late in the season.

"That was the best hustling club I ever played on and Sammy Mayer at that time was the greatest center fielder I ever saw," said Ivy. None of the players were very heavy hitters. Dykes hit .240, Galloway .260 and Griffin, himself, led the club with the modest mark of .303. The ball was in the formation of a city golf league to consist of eight clubs.

Plans for rebuilding several of the greens and construction of new fairways were discussed at the Wednesday meeting and the officers are completing plans for entertaining the second annual Atlanta open championship tournament at Druid Hills on May 10.

Bowlers Set New Record Here

In finishing this strong, not only did Parker and Althausen set the new all-time local record for a doubles, but they set the new high mark for the doubles entries in the southern handicap tenpin tourney with a 1,232 for the three games, and Howard Parker set a new high for top individual score with a 267 (no handicap).

In the doubles, Althausen and Parker's games were 345, 400, 487. For the new record game Parker had a 267, and Althausen a 214.

OREGON PASSES HORSE RACE BILL

NEW YORK, March 9.—(AP)—Oregon today joined Washington among the latest states turning to horse-racing, with legalized betting systems, as a new source of revenue. Both have taken legislative action within the past week.

This raises to nine the total of states which legalize both racing and wagering. The sport is conducted in three others, California, Ohio and New York, under some restrictions, but with no revenue going to these states. Legislation now is pending in 20 other states looking toward recognition of either racing or betting or both. In two of these states this week, New Hampshire and Missouri, favorable action has been obtained in one branch of the legislatures.

A nation-wide survey by the Associated Press now discloses that racing or betting measures have excellent chances of passage in no less than 14 of the 19 states where bills are pending with the odds against favorable action only in Pennsylvania, Connecticut, Alabama, New Jersey and Texas. A probable gubernatorial veto is all that stands in the way of the Alabama racing bill which already has passed both houses of the legislature.

Estimates as to the amount of revenue obtainable from race track and pari-mutuel taxes are \$500,000 in Oregon, \$1,000,000 in Missouri, \$1,000,000 in Kentucky, to a million or more in New York and Illinois.

The states in which racing and betting now are legalized are Oregon, Washington, Florida, Kentucky, Louisiana, Maryland, Nevada, Illinois and Montana, except on Sundays.

Legislation is pending in New Hampshire, Texas, Oklahoma, New Mexico, Colorado, California, Connecticut, Massachusetts, New York, Pennsylvania, West Virginia, Connecticut, Massachusetts, New York, Pennsylvania, West Virginia, Delaware, New Jersey, Wisconsin, Minnesota, Michigan, Ohio, Missouri, Alabama and Georgia.

'Bird Running' Ring Brings State Action

JACKSON, Miss., March 9.—(AP)—The state game and fish commission agents are carrying out a campaign to stamp out what they have termed an extensive ring of "bird running" in Mississippi through which quail are trapped and shipped to other states.

W. F. Deerman, commission accountant, announced today that the drive is being personally directed by Hunter Kimball, director of the commission.

Deerman reported that Wiley Stevenson, who resides near Waynesboro, had been arrested in a raid that produced 125 quail. Two other arrests were reported and the raids were continuing.

About 500 trapped quail were recovered near Meib in Jefferson Davis county.

A hemorrhage of the brain was fixed as the cause of death.

LOUISIANA DEATH LAID TO INJURIES AT ARREST
MONROE, La., March 9.—(AP)—Physicians who conducted an autopsy yesterday blamed the death of W. Henry Dalton, 60, on a blow on the head at the time of his arrest several months ago.

An abscess on his brain was given as the cause of death. Superintendent of Police Lt. V. Thomas said it had not been determined if the injury resulted from a blow struck by officers in attempting to arrest Dalton for drunkenness and fighting or one struck in the fight in which he was engaged at the time of arrest.

He is survived by his wife; two sons, Frederick and Phillip Holliday, of Atlanta; three brothers, Judge P. O. Holliday, of the criminal court of Macon; Peter Holliday, prominent planter of Washington, and Zellers Holliday, Birmingham, (Ala.) banker; a sister, Mrs. Robert Shank, of Anonia, Ga.; and a brother-in-law, B. Circulated Currency Reaches New Record

WASHINGTON, March 9.—(UP)—Drastic steps taken by the federal reserve system in an unsuccessful attempt to stave off this week's banking difficulties were shown tonight in the system's condition statement for the week ended March 8.

The system put out \$635,484,000 additional in its notes to meet the unprecedented demand of bank depositors for currency which, together with other important financial developments, swelled the total money in circulation to \$7,538,000,000, the highest level in the nation's history.

Fox To Show Serial On Matinee Programs

Believing that the children of Atlanta are deserving of entertainment all their own in the theaters, the Fox theater, starting Saturday, is offering a new serial picture to be shown daily at the matinees only.

The serial, titled "Clancy of the Mounted," stars Tom Tyler and is a product of Universal studios. The story is centered around the Canadian mounted police, and is crammed with action and thrills, so much so, that Fox executives claim it is bound to thrill adults as well as children.

In order that the children may all see the first installment, the Fox has announced that all children 12 years and under will be admitted from 1 to 6 o'clock, any day in the week starting Saturday, for half the usual children's price.

'CAZAR' MAY DICTATE TO BIG FINANCIERS OF WALL STREET

NEW YORK, March 9.—(AP)—The "cazar" idea is spreading to all places—Wall Street.

Long ago baseball decided to get itself a czar in the person of Kenesaw Mountain Landis. The movies have one in Will Hayes, whose sway is mighty in many cinema matters.

Now the street that is known the globe over as the main lane of the big money world is hearing talk of a dictator.

He would be a referee to adjust the delicate operations of foreign exchange transactions during the present emergency. Many men of the financial community believe Wall Street is prepared to accept him.

The word "cazar" is not officially used. Bankers shy from it in this connection. It is believed, however, that a central office to pass on foreign exchange operations would necessarily involve the granting of wide powers.

FATE OF ZANGARA TO BE SET TODAY

Zealot Pleads Guilty To Murder Indictment as Counsel Asks Mercy.

MIAMI, Fla., March 9.—(AP)—Giuseppe Zangara, atheist and zealot, pleaded guilty today to charges of murdering Mayor Anton J. Cermak, of Chicago, in his wild plot to assassinate President Roosevelt at Bayfront park here February 15.

Circuit Judge Uly O. Thompson said he would pronounce sentence tomorrow.

Under Florida law, the Italian bricklayer must either be sentenced to die in the electric chair or to life imprisonment, the latter depending on the judge's decision.

Zangara, apparently childishly pleased by the publicity he has received since his attempt to kill the president resulted in the fatal shooting of Mr. Cermak and the wounding of four other persons, sat contentedly through the hearing today except for the time he was on the witness stand.

"I want to kill all presidents and kings," he reiterated in response to questions of Judge Thompson and from his attorney and State's Attorney N. Vernon Hawthorne.

Louis F. Twyman, J. M. McCaskill, and Albert Raima made their pleas before the judge as the hearing progressed.

That Zangara was sane they all agreed, as did State's Attorney N. Vernon Hawthorne, prosecuting the case. He did not ask for the death penalty as he spoke briefly to the court.

Lodey, clerk at the Kelly-Springfield Trust Company at 270 Spring street, reported to police Thursday night that he was swindled of a \$50 bill in the course of a transaction with two white men. The men sought to make a purchase and in making change Lodey said they got his bill and their change also.

Grocery store of B. Laham, of 1614 Irwin street, was robbed of a small amount of money Thursday night by three negro men, according to police reports.

Max Singer, operator of a store at 408 Garrett street, reported to police Thursday night that two negroes, one of whom was believed to have been a girl, robbed him of a small amount of cash at the point of a pistol.

W. C. Johnson, of 203 Clark street, negro, was shot in the hip Thursday afternoon and was admitted to Grady hospital. Arthur Overton, negro, was arrested by police and charged with the shooting, which occurred in the rear of 401 Martin street.

Marion Hood, of 1034 Oak street, S. W., whose identity was uncertain until late Thursday night, and who was found suffering from a slight head injury, was taken to Grady hospital on the Bankhead highway, was reported rapidly improving at Grady hospital. Definite identification was made by Mrs. Hood. The injured man could give no account of how he received his injuries.

G. E. Crowe, of 633 Gresham avenue, was robbed of \$18 in cash by two negroes as he drove into a parking lot at the municipal market late Thursday afternoon, he reported to police.

Harold A. Donaldson, of Atlanta, arrested in Durham, N. Emory Wheel Writer Urges Dry Repeal

An appeal for the rebirth of the temperance crusade through repeal of the eighteenth amendment, the return of whisky "back within the law where it can be controlled," features the editorial page of The Emory Wheel, student publication of Emory University, one of the staunchest Methodist colleges in the United States. The editorial appeared in this week's issue of the Wheel and was initiated by Welch O. Jordan, one of the two editors-in-chief.

"In repealing the eighteenth amendment," the editorial states, "the people of the United States will pave the way for taking up the fight for temperance, which has been forgotten in the losing struggle against the tide of lawlessness fostered by prohibition. It is wiser to ponder the words of that great statesman and political leader, Woodrow Wilson, 'You cannot legislate morality into a people.'"
